

Environmental Policy

1. Introduction

- 1.1 Cranleigh Parish Council recognises that the day-to-day operations of the Council can impact both directly and indirectly on the environment.
- 1.2 The Council aims to protect and improve the environment through good management and by adopting best practice wherever possible.
- 1.3 The Council will work to integrate environmental considerations into our business decisions and adopt more environmentally friendly alternatives wherever possible, throughout our operations.

2. Objectives

- 2.1 In order to discharge its responsibilities, the management will
 - Bring this Environmental policy to the attention of all stakeholders
 - Carry out regular audits of the environmental management system
 - Comply fully with all relevant legal requirements, codes of practice and regulations at international, national and local levels
 - Eliminate risks to the environment, where possible, through selection and design of materials, buildings, facilities, equipment and processes
 - Ensure that emergency procedures are in place at all locations for dealing with environmental issues
 - Identify and manage environmental risks and hazards
 - Improve the environmental efficiency of the Council's transport and travel
 - Minimise waste and increase recycling within the framework of the Council's waste management procedures
 - Only engage contractors who are able to demonstrate due regard to environmental matters
 - Prevent pollution to land, air and water
 - Promote environmentally responsible purchasing
 - Provide adequate resources to control environmental risks arising from work activities
 - Provide suitable training to enable employees to deal with their specific areas of environmental control
 - Reduce the use of water, energy and other natural resources
 - Source materials from sustainable supply, whenever practical
 - Consider the impact of noise and light pollution
