# **Cranleigh Neighbourhood Plan site assessments**

## N27 Ruffold Farm, off the Guildford Road

## 1. Background information

| Site location and use          |  |
|--------------------------------|--|
| Site location                  | N27 Ruffold Farm, off the Guildford Road |
| Gross area (ha)                | 1.01 ha                                  |
| SHLAA site ref (if applicable) |  |

| Context  |   |
|--|---|
| Surrounding land uses  | Green Belt, housing, garden centre/retail |
| Is the site:   |   |
| Greenfield   | <u>Greenfield</u>                         |
|  |   |
| Existing/previous use  | Residential garden curtilage, paddock     |
| Site planning history  |   |
| Have there been any previous applications for development on | unknown                                   |
| this land? What was the outcome?                             |   |

## 2. Availability

| Availability                                       |     |                |
|--|-----|----------------|
|  | Yes | Comments       |
| Is the site landowner(s) willing to                |     |                |
| submit the site for development (if                |     |                |
| known)?  |     | Yes            |
| If the site is not available for development, then |     |                |
| do not proceed with the rest of the assessment     |     |                |
| Are there any known legal or ownership             |     |                |
| problems such as unresolved multiple               |     |                |
| ownerships, ransom strips, tenancies or            |     | No             |
| operational requirements of                        |     |                |
| landowners?  |     |                |
| Is there a known timeframe for                     |     | Million F      |
| availability?                                      |     | Within 5 years |

#### 3. Suitability

| Suitability  |  |   |  |
|--|--|---|--|
| Where is the site located in relation to the built-up area of the nearest settlement?  | Clearly outside the settlement   |   |  |
| What is the size of the nearest settlement?  | A main centre  | Cranleigh Village   |  |
| How would development of this site relate to the surrounding uses?   | Not very well  | The site sits outside the village settlement boundary and as a result is remote from the village and local services. Surrounding uses are largely greenfield, aside from the garden centre to the north and a few scattered houses. |  |
| How is the site currently accessed? Is it accessible from the highway network? Can the network support the potential level of traffic that would be created? | The site is accessed from the B2128 Guildford Road just beyond the bend and before a straight stretch. This road is national speed limit. There are limited pavements in the area. Circa 20 dwellings, as proposed, in a remote location as this would likely create at least 15 to 20 vehicles and the junction would need to be reviewed to enable safe access. It will be necessary to engage with Surrey County Council Highways   |   |  |
| Pedestrian accessibility to High<br>Street   | There is no pavement on the development side of the road which means that any pedestrians would have to cross the Guildford Road to access the pavement leading to the High Street and village centre. This is a national speed limit road at this point and there is no designated crossing point. The village centre is just under 1km away so this may preclude some pedestrians from walking. There is a bus stop along the Guildford Road, but this also requires pedestrians to cross over the Guildford Road. |   |  |

| Environmental considerations  |                 |          |
|---|-----------------|----------|
| What is the distance from the edge of the site to any of the following: | Distance        | Comments |
| Sites designated as being of European importance <sup>1</sup>           | >800m           | 10,491m  |
| Sites designated as being of national importance <sup>2</sup>           | <u>&gt;800m</u> | 4,833m   |
| Sites designated as being of local importance <sup>3</sup>              | >800m           | 1,353m   |

| Community facilities an  | d services                                      |  |
|--|---|--|
| What is the distance to the following facilities (measured from the site centre):                  | Distance  | Observations and Comments  |
| Village / local centre / shop  | <u>&gt;800m</u>                                 | 819m<br>Nearest is Cranleigh village   |
| Public transport (with at least a half hourly service during the day)                              | <400m   | 35m Bus stop on Guildford Road, although on the other side of the road to access the village centre) |
| School(s)  | <u>&gt;800m</u>                                 | Primary School: 1,287m<br>Secondary School: 1,210m   |
| Health centre facility   | <u>&gt;800m</u>                                 | 1,429m   |
| Amenity footpath   | <u>&lt;400m</u>                                 | 92m  |
| Cycleway   | >800m   | 1.2km  |
| Open space/<br>recreation/play<br>facilities   | <u>&lt;400m</u>                                 | 10m (open space)   |
| Does the site have the potential to provide additional open space/recreation/community facilities? | No – site is poorly<br>located and too<br>small | The site is remote from the village centre and too small to enable community facilities.             |

| Historical conside | rations                          |          |
|--------------------|----------------------------------|----------|
| Proximity of site  |                                  |          |
| to the following   | Proximity                        | Comments |
| sites/areas:       |                                  |          |

Special Areas of Conservation, Special Protection Areas, Ramsar sites
 Sites of Special Scientific Interest, Ancient Woodland
 Local Nature Reserves, Sites of Nature Conservation Importance

| Listed buildings | Site does not contain or adjoin   |  |
|------------------|-----------------------------------|--|
|                  | a listed building                 |  |
| Conservation     | Site is not adjacent to or within |  |
| Area             | the setting of a Conservation     |  |
|                  | Area                              |  |

| Other key considerations     |                |          |
|------------------------------|----------------|----------|
|                              |                | Comments |
| What proportion of site is   |                |          |
| in fluvial flood risk zone 3 | <u>&lt;25%</u> | 0%       |
| (highest risk)?              |                |          |
| What proportion of site is   |                |          |
| in fluvial flood risk zone 2 | <u>&lt;25%</u> | 0%       |
| (medium risk)?               |                |          |
| Is the site at risk of       | No             |          |
| surface water flooding?      | NO             |          |
| What proportion of site is   |                |          |
| Grade 1 or 2 (highest        | <u>&lt;25%</u> | 0%       |
| value) agricultural land?    |                |          |
| What proportion of site is   |                |          |
| Grade 3 (valuable)           | <u>&gt;75%</u> | 100%     |
| agricultural land?           |                |          |
| Significant infrastructure   |                |          |
| crossing the site, i.e.      | No             |          |
| power lines, pipelines?      |                |          |
| Impact on Public Rights of   | None           |          |
| Way (PROWs)                  | INOTIE         |          |

| Physical characteristics        |  |  |
|---------------------------------|--|--|
| Characteristics which may       | Comments   |  |
| affect development on the site  |  |  |
| Topography                      | Flat   |  |
| Flat/plateau/steep gradient     | Tiuc   |  |
| Landscape impact                | Site borders the Green Belt. It is currently open greenfield.  |  |
| Would development harm          | The 2014 Waverley Borough Council Landscape Study indicates that development is likely to have a significant and adverse |  |
| landscape character or setting? |  |  |
|                                 | effect on the character of the landscape area as a whole and is  |  |
|                                 | thus unsuitable for strategic scale development.   |  |

| Other considerations  |                 |  |
|---|-----------------|--|
| Extent to which the site contributes towards other Neighbourhood Plan objectives                      |                 | Comments   |
| Will the site generate a significant amount of additional traffic travelling through the High Street? | <u>Possibly</u> | Access to Guildford would not require access via the High Street.  The site does have a bus stop outside, although this requires pedestrians to cross the B road to access it heading into the village. All local facilities are beyond walking distance and therefore would require the use of a car to access. |

| Does the site have the potential to provide improved public parking to serve Cranleigh village? | No potential and poorly located | The site is too small and remotely located from the village centre.               |
|---|---------------------------------|---|
| Does the site have the potential to support commercial activities, including start-ups?         | No potential                    | The site is too small to enable mixed use and is proposed purely for residential. |

#### 4. Summary

| Conclusions  |  |       |
|--|--|-------|
| Site number/name: N27 Ruffold Farm                           |  |       |
|  | Please tick  | a box |
| The site is appropriate for development                      |  |       |
| The site has minor constraints                               |  |       |
| The site has significant constraints                         |  |       |
| The site is unsuitable for develo                            | opment x   |       |
| Potential housing  |  |       |
| development capacity   | Circa 20 dwellings   |       |
| (estimated as a development of                               |  |       |
| 30 dwellings per hectare)                                    |  |       |
| Estimated development  | Unknown  |       |
| timeframe  |  |       |
| Explanation/justification for                                | The site is remote from the settlement boundary, on greenfield | and   |
| decision to put forward site                                 | bounded by the Green Belt. It is not assessed to be a sustaina | ble   |
| for consideration as a                                       | site for development.  |       |
| sustainable option   |  |       |
| Infrastructure requirements? e.g. highways, water, education |  |       |
| None known   |  |       |
| Any other issues?  |  |       |
| None   |  |       |
