91	2 and 3 bed semis	5/10/2015 12:22 PM

CRANLEIGH NEIGHBOURHOOD PLAN - SURVEY 2

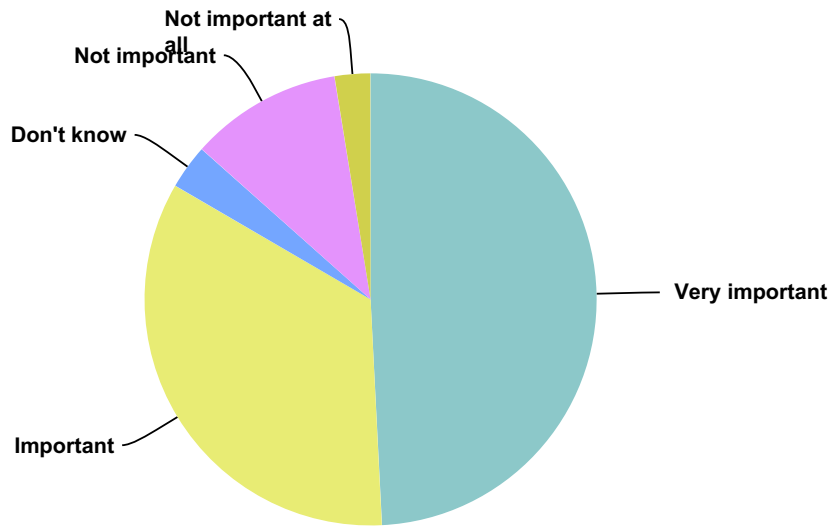

92	None. Fine as it is.	5/10/2015 12:05 PM
93	I don't think we need anymore	5/9/2015 10:59 AM
94	Maybe more bungalows of a smaller size to accommodate elderly.	5/8/2015 6:38 PM
95	No more housing is needed. Current population suits facilities.	5/8/2015 5:52 PM
96	Mixture needed, esp 2 & 3 bed semis	5/8/2015 12:18 PM
97	1, 2 bed flats, 2, 3 bed semis, 3 bed detached. Need to enable young people and lower income people to live in Cranleigh. This is very important.	5/7/2015 10:39 PM
98	1 bed flats and 2 bed semi-detached	5/7/2015 10:10 PM
99	I don't know anyone in Cranleigh wanting a new house.	5/7/2015 10:03 PM
100	Mix of semi and detached.	5/7/2015 9:53 PM
101	Mixed 1, 2, 3 bedroom flats and semi detached.	5/6/2015 10:15 PM
102	Mixed 2 bed flat, 2/3 bed semis	5/6/2015 10:09 PM
103	All types all tenures	5/6/2015 11:59 AM
104	Sensible mix.	5/5/2015 9:52 PM
105	silly question, obviously there needs to a sensible mix of the above	5/5/2015 4:26 PM
106	perhaps we should ask the estate agents?	5/4/2015 8:31 PM
107	broad mixture	5/3/2015 4:06 PM
108	Cranleigh does not need housing on the scale being proposed	5/3/2015 8:35 AM
109	Mix of housing for range of families	5/2/2015 8:06 PM
110	None	5/2/2015 6:59 PM
111	Mixture of all of the above	5/2/2015 6:09 PM
112	Size of property is not that important, it's down to affordability. Housing should be available to help the young generation of Cranleigh to stay in Cranleigh instead of them having no option, being priced out to be forced to move away from where they originated from.	5/2/2015 3:46 PM
113	social housing to rent -	5/1/2015 8:13 AM
114	None. We do not have the infrastructure for it.	4/30/2015 4:40 PM
115	None.	4/30/2015 4:11 PM
116	A mix of all types but with reasonable room sizes and space	4/29/2015 9:40 PM
117	Until transport links significantly improve, no new houses are viable.	4/29/2015 7:10 PM
118	NO NEW HOUSING NEEDED	4/28/2015 1:12 PM
119	mix of 1 bed & 2 bed flats & semis	4/27/2015 12:20 PM
120	housing for disabled people & special needs	4/26/2015 1:02 PM
121	Now this really is getting ridiculous! I cannot click more than one! Get your act together!	4/23/2015 8:42 PM
122	Selection of 1&2 bed flats & semis	4/23/2015 4:02 PM

CRANLEIGH NEIGHBOURHOOD PLAN - SURVEY 2

Q60 Any further comments?

Answered: 125 Skipped: 197

#	Responses	Date
1	A local historical museum - possibly in Art Centre?	6/8/2015 10:05 PM
2	This is a better document but still lots of leading questions.	6/8/2015 9:59 PM
3	Cranleigh is over populated, the roads are dangerous, the shops are expensive chain stores e.g. Sainsburys, Costa, Mr Simms, earphone warehouse, too many charity shops. If we could afford to move away we would be gone in a shot.	6/8/2015 9:49 PM
4	Develop Dunsfold Park before ripping up the green fields!	6/8/2015 9:45 PM
5	Any future home building should be for first time buyers and must be affordable. Developers should be forced to stick to affordable.	6/8/2015 9:28 PM
6	I live in the High Street which his residential as well as retail/businesses. There is nowhere to park outside our house or for deliveries. People need to be able to access their homes. High Street is too busy at times - crossings for pedestrians are good, but it feels like an accident is waiting to happen. Please keep Cranleigh a village and keep countryside untouched (e.g. preserve Downs Link).	6/8/2015 9:21 PM
7	9) Rented accommodation has got to be affordable and for local young families and people who have grown up in Cranleigh. 30) Too expensive and cliquey. Roads need to be improved, and maybe a bypass. Have to travel so far on rough country lanes before reaching a major road and the start of a journey. Housing for young and old who have lived all their lives in Cranleigh vital, less, much less emphasis on bringing wealthy people in from Greater London areas and the like.	6/8/2015 9:15 PM
8	My grandparents moved to Cranleigh in 1914 (my Grandfather had a job at the railway station) and they lived here for the rest of their lives. Their children were born in Cranleigh, as was I. After the second world war, my parents moved to my father's home village, a few miles away, but we stayed with my grandparents in Cranleigh each weekend. My Mother shopped in Cranleigh all her life as I still do. Cranleigh's small shops are a joy- the butcher's, the fishmonger's, the pharmacy. I deeply regret the loss of the bookshop, with its fine voice of books (the unexpected as well as the current bestsellers) and excellent stationery. I miss, too, the (long-gone) small greengrocer's. I would like to see independent shops and, to supplement the expensive big new houses jam-packed together, some small, one- and tow-bedroomed houses and flats,in reach of the shops and accessible to those with no more than one car, or users of public transport.	6/8/2015 9:09 PM
9	I think Cranleigh is an attractive village set in a semi-rural environment. Any more home-building will destroy this. The road system is not able to accommodate more cars that will come with more house-building.	6/8/2015 9:02 PM
10	Cranleigh cannot support any more housing developments - 1) Medical centre already at capacity - no appointments available. 2) Roads gridlocked. 3) More schools needed, especially secondary. 4) Too expensive for retailers to survive, we already have too many charity shops. 5) Too expensive for young people to get onto the housing ladder. 6) A large supermarket (tesco or Asda) on the outskirts would be of great benefit.	6/8/2015 8:32 PM
11	School provision and adequate school buildings for the number of children, up to date facilities. Cranleigh schools (primary getting full up to max 30 per class). Planning for new school Cranleigh C of E primary now 7 years!!!!!!	6/8/2015 8:11 PM
12	No more housing developments in Cranleigh as it is bursting already. I would like to see it remain a lovely village as it is now. More housing means more traffic more hold up more flooding more pot holes etc etc.	6/8/2015 8:06 PM
13	I am not in favour of any building at Dunsfold Park which would preclude future use of the runway for light air traffic. Greenfield status was fixed many years ago and needs refixing in light of today's needs for open space, recreation and housing.	6/7/2015 10:04 PM
14	Parking: enforcing double yellow line parking restrictions on the Ewhurst Road would help. Business: I feel it is important to keep the integrity of the High Street. However we don't need more charity shops. Neither do we need retail parks outside the village. Housing: Difficult to know what if any extra housing is needed. However if we must have it make available for the people living in the village who want to stay. Young people especially.	6/7/2015 9:48 PM
15	We need housing near the village centre!	6/7/2015 9:19 PM
16	Cranleigh is such a lovely place to live - I hope it doesn't get over-developed.	6/7/2015 9:02 PM
17	There are too many charity shops in Cranleigh and we could do with shops like Game and decent priced clothes shops for men. It's about time we had our new village hospital!!	6/7/2015 8:33 PM

CRANLEIGH NEIGHBOURHOOD PLAN - SURVEY 2

18	We could do with decent priced shops such as Bon Marche as we can't all afford One Forty, Manns and Cockerills prices! We have far too many charity shops who don't pay rates which his unfair to other businesses and where is our promised hospital!!	6/7/2015 8:28 PM
19	Do not approve of all day parking in residential roads close to Cranleigh centre. Need for off road business parking at reasonable season ticket rates.	6/7/2015 3:11 PM
20	Cranleigh is a lovely place, but it would be seriously flawed if much building takes place in the surrounding greenfield sites. Keep our greenbelt green!	6/7/2015 3:00 PM
21	We really do need more affordable shops. I am a pensioner and cannot afford David Manns, 140 etc. It is cheaper for me to go to Guildford or Horsham using my bus pass. We need less charity shops. We now have 3 in a row on Stocklund Square that makes 7 in total.	6/7/2015 2:57 PM
22	Everyone moans about not wanting development. They give several reasons: 1) not wanting green land built on 2) lack of infrastructure 3) flood plains 4) spoil the character 5) it should go 'somewhere else' which in their opinion is magically better! Well, say 'tough' we need houses or we are going to be stuck with young people living with Mum and Dad into their 30s. We also need LOCAL well paid employment. We also need to stop Surrey Mummy from driving her children to school in Chelsea tractor. We need cheap family housing and lots of it!!!	6/7/2015 2:43 PM
23	Having been handed this in the street, it might have been useful to let us know on the survey where to return it to, hopefully I will find somewhere to post it!	6/7/2015 2:30 PM
24	I am too old and poorly but hope all goes well. Good luck. All alone victim.	6/7/2015 2:17 PM
25	I strongly disagree with the building of homes on flood plains.	6/7/2015 2:12 PM
26	Cranleigh needs more housing. I have lived in Cranleigh all my life and feel the older generations never consider properly what a modern village needs to survive. To survive, this village needs change and the younger generations need nurturing to become better not being discriminating against because they are young. They need to be encouraged to use the village and take pride in it.	6/7/2015 2:03 PM
27	Build at Dunsfold as the residents voted for last time stop trying to manufacture a survey to allow you to build to line your pockets	6/4/2015 9:14 AM
28	In Peter's field tennis courts are free to all comers. Perhaps this would help encourage youths off the streets. Prices are too high as often youngsters only want a knock up with a parent for half an hour.	6/3/2015 4:11 PM
29	Cranleigh can be very cliquy and therefore not inclusive.This is a HUGE problem. Probably this boils down to cost.	5/20/2015 7:42 PM
30	I have very strong views against building houses on most of the proposed greenfield sites, and too, at Dunsfold (particularly when Milford Golf Course, the A3 corridor, and other more suitable sites are not first being put forward for development); and I have no confidence in our Conservative councillors to protect us from such overdevelopment, or to provide sufficient social housing. With regard to parking bays in the High Street, these should be for disabled people only. I also wish to see a late night bus to Cranleigh returning from Guildford. This enables the nightlife of Guildford to be used without the temptation to drink/drive; with the nighttime entertainment in Cranleigh being too limited and expensive for much of the younger generation. And, on this survey generally, next time please put a comment box for every question so that more nuanced views can be better expressed; but, regardless, thank you for organising this survey.	5/20/2015 2:34 PM
31	I think that the high street has too many charity shops and it has been commented about by family and friends who come to visit me.	5/14/2015 4:03 PM

CRANLEIGH NEIGHBOURHOOD PLAN - SURVEY 2

32	<p>Yes, I strongly feel that any new housing developments should take place on brownfield land in Cranleigh and Waverley. The greenfields and countryside surrounding Cranleigh are home to some very interesting species of wildlife, some of which are either rare or threatened (due to habitat loss!). I am a young nature lover and budding conservationist who loves Cranleigh's greenfields and countryside. I volunteer for Surrey Wildlife Trust, and would love to see the organisation get involved in preserving and improving the wildlife habitats in and around Cranleigh. Wildlife-rich sites should be preserved and valued for the enjoyment of future generations of Cranleigh residents, not ripped-up and built on so that some developer can make a nice profit (let's face it, developers only care about making money, no matter what the cost to the natural environment). I am not kidding you- here are some very interesting and rare/threatened species of bird, mammal, insect and plant in Cranleigh's greenfields. People who are ignorant about our native British wildlife (I appreciate that not all of us are budding conservationists) may assume that Cranleigh's greenfields are boring and bare grassy wastelands or scrublands 'in need' of being developed. However, I can assure you that this is far from the truth- the biodiversity I have personally witnessed and documented is, for want of a better word, amazing. I have uploaded many videos of the wildlife onto YouTube. Cranleigh's greenfields are not boring wastelands/scrublands in need of being 'developed'. Those who are knowledgeable about nature, wildlife and ecology will appreciate the biodiversity and ecological value of Cranleigh's greenfields. Cranleigh's greenfields are very beautiful and verdant, especially when the trees and vegetation are in leaf during Spring and Summer; friends and family who visit always remark just how green and pleasant Cranleigh is. Please let's keep it that way. Vic</p>	5/14/2015 1:13 AM
33	No new building needed in Cranleigh. Health centre, schools, roads, drains, water services, shops, parking - unable to cope. Village community would be lost.	5/11/2015 1:33 PM
34	Realise that more homes are needed - but there has to be the infrastructure for a bigger population - schools, medical facilities, traffic congestion.	5/11/2015 1:29 PM
35	no new housing should be built on greenfield sites.	5/11/2015 1:10 PM
36	Lived in Cranleigh since 1940s Cranleigh has been developed beyond belief. The further plans for development are ridiculous. This is a village surrounded by 'B' roads or less. The incredible strain on services and quality of life is very worrying. Developers are only interested in profit not people!	5/11/2015 12:53 PM
37	I am concerned that the plans to build new houses does not take flood plains in account nor the size of the 281 and other local roads which are already busy with traffic.	5/11/2015 12:49 PM
38	Expressions of support for types of housing and employment opportunities should not be viewed as expressions of support for housing development per se, further consultation should be detailed and fully inclusive to ensure the best result for the WHOLE community.	5/11/2015 12:42 PM
39	LITTER!!	5/11/2015 12:38 PM
40	Don't destroy Cranleigh. It's the best place to live!	5/11/2015 12:35 PM
41	My view remains that it is important for Cranleigh to develop/adjust as a balanced community i.e. balanced between development types, ages, businesses, housing types etc etc. Furthermore, people encouraged to live and work in Cranleigh, thus reducing pressure on transport network.	5/11/2015 12:29 PM
42	New buildings should not be 'nobbled' by past styles. Brick and tile hanging were fine when produced locally - this is no longer the case. The needs of a 21st century village should be met with 21st century materials, renewable and reflecting the reality of the need to limit climate change. We need good designs, not 'historic styles'.	5/11/2015 12:24 PM
43	I am a full time tennis coach running a tennis business in Rudgwick. i am passionate about getting people active and encouraging families to play tennis. I would be very interested to help in any way I can to get Cranleigh paying tennis. All ages and abilities.	5/11/2015 9:03 AM
44	it seems to me that developers are mounting an assault on the green fields in the area, and do not quantify affordable housing and should be surcharged to allow reparation of damage to quality of life in the village as a result of their activities.	5/11/2015 8:59 AM
45	The most obvious objection to large housing schemes in Cranleigh is the effect on traffic, especially through the High Street. Traffic is often nose-to-tail, not only in the school run and commuter times.	5/11/2015 8:51 AM
46	Short stay parking would be good alternative to on-road spaces. Don't know how it would be policed though.	5/11/2015 8:42 AM
47	Any new housing built in Cranleigh should blend with existing housing on the boundaries of old and new. This is particularly pertinent to the Crest development where terrace starter homes are planned to be built alongside existing 4 and 5 bedroom homes.	5/10/2015 10:41 PM
48	How beneficial would a regenerated and restored Wey and Arun Canal be to the community?	5/10/2015 10:30 PM

CRANLEIGH NEIGHBOURHOOD PLAN - SURVEY 2

49	Cranleigh is the worst choice of settlement in this area for extensive new developments. We have insufficient public services i.e. flooding control, sewage provision, it takes 3 weeks to see you own doctor often, all routes out of Cranleigh are on narrow, winding B roads, most with one-way bridges, and we are in a flood-plain which will only worse with more building.	5/10/2015 9:53 PM
50	I am pro building new houses in Cranleigh to provide for the younger generations; in parallel businesses should be encouraged, schools, roads and floods to be taken into account.	5/10/2015 9:34 PM
51	I feel that the need for housing is mainly based around the lack of council housing, and true something need to be done about that, but I think that the current plans are a bit drastic.	5/10/2015 9:23 PM
52	I don't think getting rid of car parking spaces in the High Street will help at all - the congestion is caused by 1. delivery lorries parking on the road 2. sheer number of cars and this is going to get worse with more houses.	5/10/2015 9:15 PM
53	It would be great to see more to do evenings/events etc for the 18-30 year olds as there is very little to do without going into Guildford at a very high cost! (£40 each way in a taxi!). By having little for this age grow to do here, it will eventually eliminate anyone in this age group living here! Lots for families and elderly to do.	5/10/2015 9:10 PM
54	We need to stop development in this area. Property developers are buying up far too much good grazing land. Where are people like me supposed to keep our horses!!!	5/10/2015 9:05 PM
55	"Hands off the Downslink". Reopening the railink to Guildford would: 1. Open the door to massive housing expansion in the area. Possibly 10,000 or more. 2. Destroy the only decent long distance path we have. 3. Blight about 200 houses in Bramley that back directly onto the old track - in some cases only a few feet from where the rail would go. 4. Endanger the wildlife. It would be a disaster. Far better to introduce bus lanes into Guildford and invest more in buses.	5/10/2015 8:57 PM
56	Removing parking will encourage higher traffic speeds in the High Street.	5/10/2015 8:44 PM
57	I live along Smithwood Common Road. It has become a rat run road and needs to be upgraded properly to take the traffic which is already using it and the huge increase which will come about by the Amlets Lane estate, and also any added Ewhurst traffic.	5/10/2015 8:41 PM
58	Thanks for taking the time to ask for opinions!	5/10/2015 4:58 PM
59	I fully support housing development near the High Street as long as it includes a real number of more affordable homes and not just executive homes of £500k+.	5/10/2015 1:39 PM
60	Keep Cranleigh rural, ban charity shops. Ban High Street parking.	5/10/2015 1:28 PM
61	There needs to be a middle ground between providing housing for younger people and not making Cranleigh a less desirable place to live. The prices are making people move away.	5/10/2015 1:19 PM
62	I would like to think Cranleigh is still a VILLAGE and becoming a little LONDON!	5/10/2015 1:12 PM
63	We need jobs as well as housing.	5/10/2015 1:09 PM
64	It is very important that there is a plan to implement change and growth in Cranleigh and that all concerned should work together to get the best possible outcome.	5/10/2015 12:56 PM
65	Personally I strongly disagree with any idea of [??] building, houses or not. The countryside in the area is beautiful and as it is natural easily accessible to All any building now destroys our vanishing countryside, birds and insects. They actually need homes too!	5/10/2015 12:38 PM
66	Ref Q16 I think it would be desirable to have any housing closer than a mile which is a long way to walk with heavy shopping. To maintain the vibrancy of the High Street perhaps area 395 - behind Sainsbyr's might be the most logical area for smaller ousel - easy walking distance and less car use. Another question for next survey - If you live in Cranleigh where do you work?	5/10/2015 12:22 PM
67	Cranleigh is perfect as it is. If you make radical changes it will spoil it and then there wont be any demand for more houses anyway. I can't afford to live there, but it is an aspiration. If you want to play big Councillor in a small town set up a model village!	5/10/2015 12:05 PM
68	There should be no significant development in Cranleigh without first attending to the infrastructure	5/9/2015 8:22 PM
69	I do not agree with the lack of co-ordination across our planning applications. We do not have enough infrastructure (roads) to cater for the large volume of housing applications being submitted. Swallow view is half empty because the houses developers want to build are too big and take up too much room.	5/9/2015 10:59 AM
70	Affordable housing is vital if the village isn't going to become an old people's town!	5/8/2015 7:05 PM
71	Our infrastructure is not nearly sufficient to sustain major housing developments.	5/8/2015 6:38 PM
72	Land has been wasted on £million homes in Swallowhurst. Let it stop there.	5/8/2015 6:06 PM
73	thank you	5/8/2015 2:46 PM

CRANLEIGH NEIGHBOURHOOD PLAN - SURVEY 2

74	Railway line reinstatement should be investigated in greater detail.	5/8/2015 12:18 PM
75	Get better mobile signal in Cranleigh e.g. put the mast back! Parking outside banks to use cash points. Restrict deliveries to early morning to avoid congestion on High Street e.g. butcher lorry!	5/7/2015 10:31 PM
76	Cranleigh is a lovely place to live. I think if it is overbuilt the village atmosphere will be ruined. I appreciate we have to accept some building but it should be on brown sites and appropriate for the infrastructure.	5/7/2015 10:20 PM
77	I feel very strongly that any future development should be at Dunsfold Aerodrome with its own infrastructure inc. medical services, schools, shops etc with good transport links to and from Cranleigh.	5/7/2015 9:46 PM
78	Would Waverley consider one hour free parking discs available through local businesses as experienced by myself in Sussex. This would encourage people to park in car parks rather than on the village street.	5/6/2015 10:09 PM
79	More housing that is affordable for lower paid workers e.g. care staff, teachers etc is vital. At present, they are travelling (usually by car) from towns at least 12-15 miles away.	5/6/2015 3:58 PM
80	I'm surprised that no comment has been invited on roads infrastructure, preferred locations for housing developments, adequacy or otherwise of schools (i.e. to take more pupils), necessary controls on dogs and dog fouling. for example. Whilst any survey must be structured for analysis purposes, this one is quite 'leading' and notable for what it doesn't ask!	5/6/2015 12:10 PM
81	Quality comprehensive survey. Good luck.	5/6/2015 9:25 AM
82	Neither of recent planning applications for housing development near centre of Cranleigh seem to have appreciated shopping habits. The supermarkets are 'bulk buying' food stores by their own definition. However close they live to the centre customers will use a car to carry their shopping - not walk or cycle. Currently there would be insufficient parking space for such a large increase in car use.	5/6/2015 9:18 AM
83	As all the roads surrounding Cranleigh are completely congested, especially into Guildford only a minimum of building should go ahead unless a new/old rail link is done.	5/5/2015 10:00 PM
84	It would be helpful if your website included a page of basic statistics about Cranleigh - population; housing stock/demand; traffic volume increase etc.	5/5/2015 6:30 PM
85	I congratulate you on the work which is going into this research , but also HOPE AND PRAY that the higher powers who continue to make serious forward planning errors will use these opinions in their deliberations. I wish you lots of luck and say THANK YOU !	5/5/2015 4:26 PM
86	More consideration should be given to preserving Cranleigh, it needs to remain a "village" and not become a town.	5/5/2015 1:28 PM
87	Although we live in Ewhurst, we rely on Cranleigh for so much! School, shopping, health care, entertainment, transport, etc.	5/3/2015 9:33 PM
88	Thankyou for what you are doing to preserve Cranleigh Village. "Cranleigh Cares"	5/3/2015 4:15 PM
89	All future development should be planned in conjunction with transport and infrastructure improvements particularly in linking to public transport (trains) in the area.	5/3/2015 4:06 PM
90	No big developments please, Cranleigh is a village and should stay that way. Al;l these development are for short term financial gain for just a few. Cranleigh does NOT NEED THESE DEVELOPMENTS.	5/3/2015 8:35 AM
91	Over development of Cranleigh?Dunsfold etc cannot be allowed without sufficient infrastructure such as transport being in place prior to commencement of development.	5/2/2015 8:06 PM
92	The future of existing Cranleigh residents, young and old, should be catered for before inviting others into the village as residents. Very important! I would support construction for new houses on new areas if the areas are sensibly chosen and that the infrastructure was seriously thought about. The recent proposal from Berkeley Homes certainly did not consider infrastructure for the village. Profit before sense! Retail needs to improve, it is clear by walking through the high street that 7 charity shops are in residence. This is proof that rates are too high to sustain local small businesses. Careful choice and consideration should be given to mainstream retail outlets e. Cranleigh does need to move forward in this area a little. I would support a no parking zone in the village if other areas could be made available. To have a pedestrian only zone would be great, I would make reference to outside of The Richard Onslow where there are various food outlets, this area would look lovely bustling with people relaxing and enjoying the village without the threat of cars driving by. The children's play area at Snoxhall is good but is far too small on a hot day as this gets very busy with limited attractions to cater for all. This is also tucked away and is frequently used as a hangout area for teenagers who do not appreciate the apparatus inside as much as little ones do, but this just proves that as always there is little for the teenagers to go to in the village.	5/2/2015 3:46 PM
93	Transport links are the big issue	5/1/2015 3:49 PM

CRANLEIGH NEIGHBOURHOOD PLAN - SURVEY 2

94	I believe it is the height of hypocrisy to build so called eco homes on Greenfield sites- surely eco friendly means saving the environment? I don't feel anyone who loves our green spaces is listened to whilst others line their pockets by building homes in the greenfields we love.	4/30/2015 8:31 PM
95	There are insufficient jobs in Cranleigh to necessitate hundreds of houses. People either commute through/or from Cranleigh. In the '50s I travelled to Guildford on the train to go to school. Now if the railway was reinstated there would be an excuse to lighten road traffic and build the houses developers are praying to blight our green landscape with!!! Another runway at Gatwick would bring more staff seeking housing in Cranleigh!! No thank you!!!!	4/30/2015 8:11 PM
96	Green spaces must not be filled in, they are fundamental to the environment of Cranleigh. Big lack of housing for the average family so stop allowing developments of two or three houses which cost a million and put more 'normal' houses up on brown field sites which already exist.	4/30/2015 9:56 AM
97	Good quality, energy efficient, well designed, modern chic new housing is needed. A mixed blend of styles can sit comfortably together if well balanced and designed with adequate space around them and the infrastructure upgraded to support the increased population.	4/29/2015 9:40 PM
98	I have no objections to new housing in Cranleigh. But we will need BEFORE they are built for the transport links to be vastly improved as well as additional school places and doctor facilities. Have these been considered? I get the feeling they will be promised, the houses will be built, and the promises just quietly forgotten.	4/29/2015 7:10 PM
99	I would like to see the local/waverley councils plans for supporting ANY future development in Cranleigh as they don't appear to be able to support the present needs and indeed seem to be cutting their support for the current infrastructure.	4/28/2015 1:12 PM
100	To reduce commuting and traffic and to make Cranleigh more self supporting with residents (particularly younger ones in work), new jobs rather than new housing is required. The Plan should also have a Vision for Cranleigh that can be supported by the majority of residents.	4/28/2015 11:24 AM
101	Would be useful to be able in some quwstions to put more than one optiuon eg Q 14	4/27/2015 12:20 PM
102	I would like to see the verges left wild and natural or planted with native wild flowers.	4/26/2015 11:36 PM
103	Keep Cranleigh the beautiful village that we have lived happily in for the past 47 years.	4/26/2015 10:11 PM
104	I think any new homes should only be built a brown belt land, as we need to preserve our country ,not destroy it. Also we should try to encourage the younger generation to preserve the countryside more,by having a junior rangers club,so that they learn about wildlife & the best way to preserve the wildlife habitat.	4/26/2015 1:02 PM
105	The Downs Link is a vital piece of our countryside. It is used by very many people on a daily basis for their own exercise, walking, running, cycling, horse riding, dog exercise, to name but a few of its very many uses. It is also a first class example of how new ecological activity has flourished once the railway track was closed. It would be a disaster of gargantuan scale if this was changed into a bus link or a railway link into Guildford, especially where the latter is estimated to cost upwards of £100 million. Destroying something so valuable would be appalling. These funds, in fact far less than this, would be far better spent on improving existing transport links and frequencies which would benefit all in a far more positive manner. I trust that a positive approach in this manner, rather than a destruction of the Downs link what is used by so many, is incorporated into the Cranleigh Neighbourhood Plan.	4/26/2015 12:15 PM
106	Improving the flow of traffic through the High Street would make Cranleigh a much nicer place to live. It would also be nice to support independent retailers and control rents so we don't have a village full of charity shops.	4/26/2015 11:42 AM
107	the local parish council should be committed to enhancing the provision of existing facilities like the Beryl Harvey conservation ground and allotments rather than putting these under threat.	4/24/2015 7:59 AM
108	Yet another misleading survey.	4/23/2015 8:42 PM
109	I would really like Cranleigh to stay the same!	4/23/2015 7:59 PM
110	I've lived here for the last 22 years and before that in Shamley Green - this is a lovely place to live and I'm concerned we preserve the village atmosphere that makes it so. Small developments on local brownfield sites are to be applauded but not great big estates on green fields - they will destroy the village.	4/23/2015 4:02 PM
111	Control the unscrupulous developers	4/23/2015 9:38 AM
112	I do hope we will see a Neighbourhood Plan in the not too distant future in order to keep the developers at bay and to ensure that planning permission is granted judiciously.	4/23/2015 7:58 AM
113	I've lived in Cranleigh all my life and I am appalled at all the retail shops that are closing to HIGH rents and RATES and making way for charity shops surely there is something that could be done to help the small independent traders. My other concern is that of the speed of some vehicles driving through the high street it's frightening .	4/22/2015 7:57 PM

CRANLEIGH NEIGHBOURHOOD PLAN - SURVEY 2

114	As a Cranleigh (bred&born) person now retired I hate seeing our local countryside turn into concrete! Though I accept we do require some careful updating for our future needs.	4/22/2015 5:07 PM
115	Multiple answers are essential	4/22/2015 4:14 PM
116	The roads out of cranleigh are just about adequate, they will not be able to cope with more residents.	4/22/2015 3:21 PM
117	Any new building should be done on brownfield sites, leaving green spaces for the continued enjoyment of the people who live in Cranleigh.	4/22/2015 3:12 PM
118	Essential to have infrastructure BEFORE and large housing schemes are permitted. Not at all clear how Cranleigh could support a large expansion...there are no good roads.	4/20/2015 11:19 PM
119	any new housing supply in Cranleigh should be such that it reduces demand for private renting thereby reducing rental costs. Local people who work or live in Cranleigh should get priority and housing should be the type that is already in short supply i.e social housing or part rent /buy smaller homes. Housing should also allow for people to downsize i.e. sheltered etc and these should be placed close to village centre. We do not need more 5 bedroom properties which are purchased by people for high value rents etc	4/20/2015 9:40 AM
120	Whilst I agree that the play area has improved recently there is room for more	4/18/2015 6:08 PM
121	Form to allow multiple answers to some questions	4/18/2015 3:14 PM
122	The tick box system which only permits one box to be ticked and for most questions provides no space for additional comments only enables the person completing the questionnaire to provide a very limited and narrow response to each question and therefore sadly provides you with very limited views.	4/18/2015 11:38 AM
123	The High Street is a busy road and cars drive too fast along it. I have a young child and I am concerned that the road is more and more dangerous. More pedestrian crossings would be useful near to the Baptist Church/ Cricket Club. The on-road parking in the 'live-lanes' help to keep the speed down. Cranleigh centre would improve if the High Street was not the main through-road. I think it would be a shame to build on the fields between Knowle Lane and the Alfold Road. I walk the dog on those fields everyday and the views are spectacular of the Surrey Hills. There is also an abundance of wildlife that can be seen there including a family of deer who are regularly grazing and running around those fields.	4/18/2015 11:38 AM
124	These surveys should provide the facility for more than one answer to be selected for each response, and also for additional notes to be added in response to each question.	4/17/2015 9:01 AM
125	I believe new, truly affordable homes are desperately needed in Cranleigh. Without it, local young people will be forced to move away from the village to find affordable housing. This need outweighs any reservations I might have has about building on green land.	4/16/2015 3:19 PM
