OBJECTION – Members highlighted that this is in the Conservation Area and Flood Zone 3.

The proposals are out of keeping for the area, over dominant, would cause overshadowing and a loss of light to the neighbouring properties.

Members raised strong concerns in relation to the danger to potential and existing residents due to the restrictive views for cars exiting and entering Ewhurst Road and Mead Road, along with the current lack of parking that would be exacerbated by these proposals, creating a further danger for Ewhurst Road and Mead Road users.

Members note the residents' comments and would like to see the rights of access investigated for the site and proposals.

Members expressed that the developer has been disingenuous with their interpretation of a single storey and that similar proposals have been made previously and not permitted.

Due to the potential for a higher quota of housing in Cranleigh, Members agreed that this is not an appropriate type of development to resolve the housing quota.
